### **EXAMINER'S AMENDMENT**

Receipt is acknowledged of a response filed 5/7/2004 in which claims were amended (claims 1 & 11-12) and in which claims were cancelled (claims 16-28). Claims 1-15 are now in condition for allowance.

The following examiner's amendment is made to update the status of a related application cited in the specification (see the first page of the specification as amended by the response filed 8/11/2003). An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

At page 1, lines 9-10, the phrase --and now U.S. Patent No. 5,416,008,-- has been added following the words "filed June 1, 2001" and before the words "the disclosures of which".

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: applicants' amendment of claim 1 and the arguments filed in the response of 5/7/2004 have obviated the outstanding grounds of rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Information Disclosure Statement (IDS)***

Upon review of the application file it is apparent that the examiner neglected to mail a signed and initialed copy of the PTO Form 1449 for an IDS filed 3/3/2003. Each of the references thereon were and have been considered in full. The signed and initialed PTO Form 1449 has been mailed with this action.

***Conclusion***

Claims 1-15 are allowed.
